Description

1. When you reach the level crossing, turn right to start your hike. While following this railway line, you arrive at the D 49 which you cross to take the path across the field and reach a wooded area. Jump over the stream. A few meters later, turn right onto the road and take the first path on the left, filled with red bricks.

2. After 500 m, turn right to the hamlet of Séverac which you cross to take the road on the left for 500 m. Take the first path on the left towards the "Corbière" equestrian center.

3. You leave it on your left to enter the woods by a wide path which takes you to discover the eventing course. After 200 m, turn right then for 1 km, alternating fields and woods to reach a tarmac road that you cross and on your left, take the few steps to climb the wooded embankment and after a few meters you go back down to a rest area. Go back up the road to an intersection and a very beautiful viewpoint.

4. Turn right on a shaded path. Pass near the gîte of "La Bouriasse" that you see on your left and then go back up on your right as soon as you reach a tarmac section. At the top, turn right and go down towards "l'Infernou" and turn left just after. Go 200 m in the woods then turn right to go down to the hamlet of "En Gontier".

5. At the place called "En Gontier", turn left to go along meadows and after 1.5 km you arrive at a communal road. Take a right and then very quickly leave it to turn right again. Cross a very small hamlet "Le Bourias".

6. After the last house, take the path on your left to return to a wooded area which ends at a tarmac road. Take a left for a "small climb" and take the path opposite which goes down to the D 49 which you cross. You arrive at the "Plan d'Eau St Charles" campsite. You keep to the communal road which runs alongside the campsite and you are back at the starting point.
