## **Altimetric Profile**

Min elevation 211 m Max elevation 498 m

## Description

Starting from Vaour, you climb to the Col de Liberté via the chemin du Ribatou. Upon reaching the place called "La Fleur de Lys" beneath the high point of La Plane, you descend to the hamlet of Mespoulet before arriving at the village of Roussayrolles.

From there, stay on the heights as you head towards the Pas de la Clède, then descend into the Laussière Valley via the GR de Pays Cordes-Penne.

After crossing the stream, you climb up a forest track through a cedar plantation. Once on flat terrain, follow the gravel path to the dolmen. Finally, return to Vaour via the chemin de La Peyre, passing through the place known as La Métairie Blanche, and complete the route by road.
