Description

1. With your back to the church, take the road to the left for 450 meters, passing the PR "Les Coteaux de Lisle," and continue on the road until you reach a fork. Turn right towards Le Clavet, then before the farm, take a left onto a grassy path along the edge of the woods and descend.

2. Cross the departmental road D999 (Caution), and follow it a few meters to the left on the secure path under the plane trees until you reach the poultry farm. Turn right towards the stream, cross the footbridge, turn right towards the chalets, and in the woods, take the small left trail to ascend towards the Sivens Forest.

3. Join the Sivens Discovery Trail. At the road, turn left, pass in front of the Maison Forestière (picnic area), and 100 meters later, take the path (barrier for vehicles). Follow the charcoal burner, then follow the Combe del Loup. At the fork, turn right. On the gravel path, turn left, then 100 meters later, turn right, descend into the valley, and climb back up to the road (viewpoint of Puycelsi).

4. Continue left on the Oustrières road for 1 km, then turn right towards the chapel of the same name (picnic tables). Descend the path, then at the bottom, at the intersection, turn right, go 50 meters before turning left to climb through the forest back to the road.

5. Turn left. At 100 meters, at the fork, turn right onto the Pradies road. Descend for 2 km. Before the Moulin de la Salle Basse, turn left; the road turns into a path for 1 km along the Tescou. Once back on the road, turn right at the former Moulin de Cassagnol.

6. Cross the departmental road D999 again (Caution). Continue between the hedges, then along the field to climb up to Combalade. Continue towards Long Pech. At the shed, turn right to follow the vineyards, then immediately left onto the dead-end of Corbières. At 40 meters, take the grassy path that descends and climbs up to the D14. Cross it and continue straight to arrive at Lapeyrière (chapel to the right, 50 meters away).

7 Turn left, then 150 meters later, turn right to descend on a path bordered by fields and ditches. Climb left by the road. Pass behind the house, then cross a grove and return to the starting road. Finally, turn right towards Saint-Étienne de Vionan Church.
