Description

1. At Pradel Parking, behind the community hall, follow the ramparts for 200m then descend left on a path. Cross the D964 (caution!) then turn left. Walk for 50m, then take the path on the right. Continue straight to a road intersection. Go left (view of Castelnau-de-Montmiral on the left).

2. Take the forest path on the right that climbs through an oak undergrowth. At the junctions, first with paths, then with a road, continue straight. At the D5, turn right and reach an intersection.

3. Go right towards Magarié, La Vernière, then immediately left on a path. Pass by agricultural buildings on the left. At a path intersection, turn right. At a fork, go right. In front of a house gate in Lagarde, descend right on the path marked by a white road sign with a red border (close the electric fence carefully) (viewpoint over the Vère valley). Walk along the edge of meadows.

4. At the trail intersection, leave GR® 46 (red and white marks) which goes left and take the right path. Follow the fences, then descend right in a hairpin turn. Ignore the first path on the left. Hairpin on the second path to the left. The trail becomes a path through a mixed forest of deciduous and coniferous trees.

5. At the road, turn left. At the intersection, turn right. Pass by Trifyl. Go past it and immediately turn left into the meadow. Enter the leisure center by a path that leads to the lake. Turn right, follow it along. Ignore a path to the left between the lakes. Continue straight along the second lake to reach a chicane. Exit, turn left on the road.

6. Cross the D964 (caution!) and continue straight on a path. At the road, turn left then immediately right on a path. At the next road, turn left again and immediately right on a path. At Lapeyre, follow a path to the left that becomes a road; arrive at an intersection.

7 Turn right (GR® 46). At the intersection with the D4, climb straight ahead on a grassy path, then turn right to return to Castelnau-de-Montmiral.
