## Description

1. Before the bottom of the Foulimou bridge, turn right then left to head towards Graulhet then Rue des Moulins: on the left, look at the old windmills. Continue on the tarmac road which bends to the right. Continue until the start of the so-called Roman Road.

2. Turn right to go down to the bottom of the valley. Follow the left bank of a stream. At the ruined cabin, change banks by crossing two culverts and follow the stream. In a straight line, change banks again. Climb the steep slope opposite, turn left, follow the edge of the field and the right bank of the stream.

3. Take the tarmac road on the left for about a hundred meters, continue on the grassy path, go around the pond then turn right immediately afterwards. Pass near a farm shed, follow the tree-lined path and climb through the fields. At the top of the hill, turn left and continue climbing. At the next crossroads, go straight ahead, leaving the Surinam path on the right: Beautiful viewpoint. Cross the hill. When you reach the tarmac road, turn right. After the first building of the En Banquet farm, the path goes down to the right and goes back up towards the house of La Peyre. Take the tarmac road on the right to the next crossroads.

4. Turn left and take the dirt road to the top of the hill. Continue on the flat area, look for a landscaped table, located on the right, at the level of a partially buried reservoir. Leave the so-called Roman Way, to take the direction of Bertre on the left.

5. Go down the path to the D12 PUYLAURENS-LAVAUR. Turn right then, further on, turn left after the bridge, towards Algans and shortly after, left again towards Appelle. Go along the Church of Bertre and its cemetery. In the hamlet of En Courlet, leave the tarmac road and take a grassy path opposite that climbs up to the Lacroisille road.

6 Continue on this road towards Puylaurens until reaching the D12. After 150 metres, turn left then right, leaving the Mirabel property on the left. Continue straight on to return to Puylaurens via Rue des Moulins.
